

Hi, my name is Drew Fournier. This is my 14th year teaching. I have been involved with the union as a rep for almost 11 years between 2 provinces and three locals. I feel passionately about equity matters. That is why I serve as the liaison for my school, serve on the equity and reps committee for the local, and am now on the provincial committee.

I believe that the provincial executive has a critical role in our union. They are the decision makers of our union in between annual councils. I believe that county deserves a representative that wants this position. This is my third time running for P.E. in less than a year. I have done so because I believe that the position is vital, but also because I'm willing to put in the time and effort required for this position. That is why I'm looking for your support on Oct 29th to be a voice for the County.

Please feel free to contact me at afournier@nstu.ca

Respectfully,
Drew Fournier
